Resolved bugs and hot fixes

New features deployed to live in releases 1.5.1 – 1.6 between Feb 2016 - Apr 2016

#5193 - Location not showing on event homepage

#5182 - Pagination doesn't work for displaying relevant experts

#5146 - It is not needed to add company to submit work experience

#5114 - User who attempted to set work experience start date greater than the end date can not pass validation even after setting start date to lower than the end date

#5081 - Activate delete and resend buttons on select all

#5343 - Mosaic issues

#5330 - "Template doesn't exist" error when clicking Show Latest in Mosaic settings

#5205 - No pattern validation on Company Experience API

#5183 - Members List - remove Category Filter

#5180 - Pagination doesn't work for member activity (only first 5 content items are displayed)

#5178 - mosaic "show latest" not working

#5152 - as a user i want the email footer to be correct

#5144 - No Groups as a feature in a Group should be allowed

#5121 - icons in WYSIWYG are not highlighted when selected

#5054 - Changed feature name is not propagated to content type in Mosaic frame settings
